### **New Products (?) – Cement Cleaning**

I recently came across a couple of products being advertised at the Las Vegas Conexpo 2011 that may be useful for our paving crews. These are claimed to be biodegradable cement dissolving concrete cleaning detergent compounds. Apparently they are applied as foam, which then attacks and softens the hardened cement and turns it into a mud like paste. This is then washed off with high pressure water.

**RoMix Back-Set** – It is a concrete mortar remover and could be suitable for cleaning down the paver after operations.

**RoMix Rust-Gone** – It is a concrete remover, surface protectant and anti rust treatment. Apparently ideal if the surface has to be repainted.

The manufacturer is:

RoMix Chemical and Brush Inc  
Colleville Texas 76034  
[romix@sprynet.com](mailto:romix@sprynet.com)

The Australian agent is:

Easy Clean Solutions  
89 Lostus St  
Riverstone NSW 2156  
0417 007 546
